AQUABIKE FINNISH CHAMPIONSHIP RACE ROUND 2 / JETSKI BALTIC SEA SERIES

1. Aquabike closed course classes:

Finnish championship series classes	race duration	Motos
• Runabout GP1	17 min + 1 lap	2
• Runabout GP4	15 min + 1 lap	2
• Runabout Ladies GP4	12 min + 1 lap	2
• Runabout Junior GP4	12 min + 1 lap	2
• SKI GP1	15 min + 1 lap	2
• SKI GP2	12 min + 1 lap	2
• SKI GP3 *	12 min + 1 lap	2
• SKI GP4 *	12 min + 1 lap	2
• SKI Junior GP4	12 min + 1 lap	2

Finnish Cup series classes	race duration	Motos
• SKI Hobby GP1 **	7 min + 1 lap	3
• SKI Veteran GP1 (40+) **	7 min + 1 lap	3
• Runabout Beginner GP4	7 min + 1 lap	3
• SKI Ladies Hobby ***	12 min + 1 lap	2

- in all classes where 8 or more competitors run their own starts, with the following exceptions:

* SKI GP3 and SKI GP4 always compete in the same start

** SKI Hobby GP1 and SKI Veteran GP1 always compete in the same start

Possible combinations of classes and other changes will be announced before the race at the driver's meeting.

*** SKI Ladies Hobby will compete in the same start as SKI junior GP4

In the one-day competition of the SM series, two motos are run and in the two-day competition three motos per class

The Finnish Cup competitions are one-day and three motos are raced per class.

All the points achieved in the motos are counted towards the total points of the SM series and the Finnish Cup in the event of a tie, the one with the most set wins wins

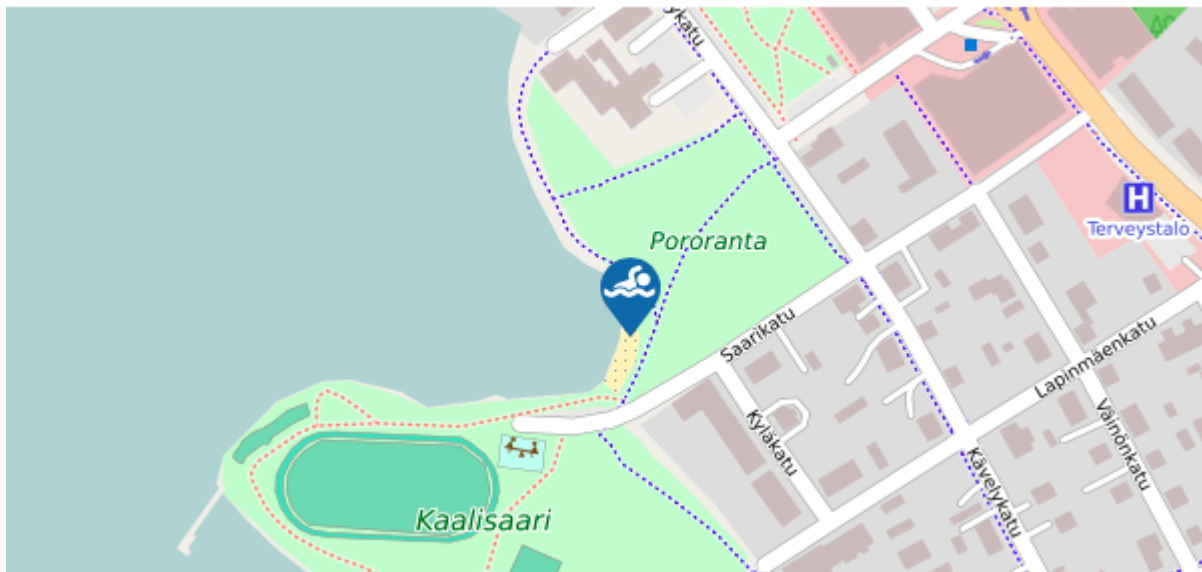

The class SM value is awarded if at least four drivers participate in the class SM class during the season

Full SM points are awarded for all race starts, regardless of the number of participants

15. Pit area

1. The pit area and the competition office are in use from Friday 09.08.2024 at 12:00 until the award ceremony on Saturday 10.08.2024
2. Only 20 liters of additional fuel may be stored at the pit area per driver
3. The pit area is open, there is no night guard at the pit
4. Each team must have a tent with MINIMUM dimensions (width x depth) of 3x3 meters.
5. Mandatory weights for tents shall be attached via ratchet straps — min. weight 15 kg/m², water for fillable weights will be provided

eg 3x3m pop up tent, please note the attachment of the tents, here is a purchase from the Helsinki Rescue Service:

(Note: In the absence of instructions from the manufacturer or designer, it is recommended to set up tents up to 300 m²:

- *the body parts are connected to each other by interlocking connectors*
- *the stabilization of the tent is affected by, among other things, the structure, height and shape of the tent.*

When loose weights are used, each corner of the small tents shall have at least the following weights: 2 x 2 tents 15 kg / pole; 4 x 4 tents 62 kg / pole; 5 x 5 tents 96 kg / pole; and 6 x 6 tents 139 kg / pole. The minimum weights apply to tents with a roof press and a rated wind speed of 15 m / s or less. In stronger winds, the ceiling press must be removed or weights added.

- tents shall be secured to ground anchors or loose weights by means of lorries with a breaking strength of at least 250 kg. Ropes or the like are not reliable attachments.

- Tents attached in accordance with these instructions may not remain attached in the event of severe weather. Therefore, in the event of a severe weather, the operating instructions recorded in the rescue plan and the monitoring of the weather conditions will be followed.)

- In the event of severe weather or winds of more than 15 m / s, the attachment of the tents will be intensified or the use of the tents will be suspended. People are directed away from the vicinity of the tents and the tents are dismantled if possible. If other instructions have been provided by the manufacturer, they will be followed

6. Every tent must have at least one 2 kg fire extinguisher placed on the left side of the tent's exit and shall be equipped with a fire detector

7. Tent places for the teams will be appointed by the organizer

8. Smoking, open fire, bbq and alcohol are strictly prohibited in the pit area

9. The cars will be parked according to the organizer's instructions

10. Fridges, coffee machines and similar equipment shall NOT be connected to the provided electricity network (limited capacity)

11. Every member of each team is responsible to take care of the environment around their tent, aquabike and equipment and to clean their own space in the pit area after the event

12. All team staff and drivers shall wear appropriate and recognizable team clothing as well as closed shoes in the pit area at all times

16. Race Officials

Race Director: *Esa Taka-Prami*
